

THE STOP PROGRAM

Access to evidence-based smoking cessation treatment and withdrawal management
for Ontario's Long Term Care Homes

Visit www.stopprogram.ca to learn more about the STOP Program

Onsite Option: STOP Program in Long Term Care Homes

Long Term Care Homes (LTCH) can partner with STOP to provide residents of no-cost Nicotine Replacement Therapy plus access training opportunities available for practitioners.

Support is also available for community agencies assisting LTCH wait-listed residents, such as Home and Community Care organizations.

Partner with us!

If you are a LTCH interested in implementing the STOP Program please email us at stop.ltc@camh.ca and [click here](#) to complete a capacity assessment survey to help us learn about your setting.

Direct-to-Patient Option: STOP on the Net

STOP on the Net is an online program offering free NRT mailed directly to the patient's home.

Individuals access the [online platform](#) to enroll (no healthcare provider involved) and eligible participants receive a free 6-week kit of NRT mailed right to their address.
