

STOP in LTC Community of Practice: Tobacco Interventions for Geriatric Clients Q&A with Dr. Aviva Rostas, MD, FRCPC

Please join us for an opportunity to bring your clinical questions to Dr. Rostas. If you wish to submit questions in advance, please send them to stop.ltc@camh.ca. No registration is required.

Learning Objective: To build capacity for supporting geriatric patients and LTCH residents with tobacco/nicotine cessation.

Dr. Aviva Rostas is a geriatric psychiatrist at CAMH. She has supported seniors in transitional housing and Long Term Care Homes. She has also worked in CAMH's Nicotine Dependence Clinic focused on treating older adults with evidence-based treatment for nicotine and tobacco addiction.

Date: Monday, January 27th 2025
